

Annual Report

2017-18

In June 2017, the Rotary International Board of Directors and Rotary Foundation Board of Trustees approved Rotary's new vision statement: Together, we see a world where people unite and take action to create lasting change — across the

globe, in our communities, and in ourselves. This statement reflects both our identity and our purpose — the organization we are now, and the organization we are working to become.

Individually, our aspirations are limited by our own abilities and resources. But when many people work together toward a common goal, the scope of their ambition is limited only by their collective strength. Together, we have resettled refugees, helped entire communities after national disasters, and brought the world to the brink of polio eradication. As a leading member of a global partnership, we are closer to ending polio than ever before: In 2017, the world saw the fewest cases of polio in history.

One of the greatest tools we have to create lasting change is The Rotary Foundation. In 2017-18, we set the ambitious goal of raising \$360 million for our Foundation to fund diverse, sustainable service projects all over the world. Thanks to the generosity of our members and supporters, we not only met that goal but surpassed it. We also made great strides in our effort to build our Foundation's Endowment to \$2.025 billion by 2025.

Rotary does not wait for a solution; we work to create it. Day by day, year by year, Rotarians around the world are making a difference, transforming their communities, their nations, their world — and themselves.

Ian H.S. Riseley
2017-18 President
Rotary International

Paul A. Netzel
2017-18 Trustee Chair
The Rotary Foundation

Why our donors give

For decades, The Rotary Foundation (<https://www.rotary.org/en/about-rotary/rotary-foundation>) has been doing good in the world. As we begin our second century, our donors share why they support the Foundation.
